

Water rate adjustment in effect Jan. 1

Residential customers in Tacoma can expect an average monthly increase of \$2.88, and customers outside the city can expect an average monthly increase of \$3.48. Some major activities supported by rates include:

- Operating the Green River filtration facility
- Maintaining 24 wells to supplement water needs, mainly during summer demand
- Protecting thousands of acres in the Green River Watershed
- Upgrading and maintaining 1,376 miles of water main infrastructure

Clean, reliable water

Providing clean drinking water is fundamental to community health. As a not-for-profit, publicly owned utility, we want to ensure you get the most value and quality service you expect from us. Our rates cover the cost to provide you with safe, reliable services, maintain utility infrastructure, protecting natural resources near our facilities, and investing in system improvements that make your services better.

We know rates affect you. That is why we work hard to keep our costs low, which keeps rates more affordable for everyone in our community.
